There is a new yc version '0.175.0' available. Current version: '0.154.0'.
See release notes at <https://yandex.cloud/ru/docs/cli/release-notes>
You can install it by running the following command in your shell:
\$ yc components update

```
yc-user@superset-node-single:~$ git clone https://github.com/apache/superset.git
